

## Anti-Vibration Bush Specification Sheet

Race series	Date	Contact	Part -No.

Specific name and description of unit	
Total supported weight	Kg
Weight distribution or centre of gravity Location with respect to mounting point:	

Cantered	Offset (if so, fill in blanks)	Number of mounts
----------	--------------------------------	------------------

Primary direction of disturbance:			
Horizontal	Vertical	All directions	

Source of vibration:			
Rotating eccentric weight	Rotating machinery		
Other			

Vibration Isolation desired	% min
-----------------------------	-------

Environmental requirements:		
Temperature °C	high	low

Solvent exposure (severe):			
Oil	Hydraulic fluid	Gasoline	Ozone
Other			

Impact loads on unit:	G's	Direction
-----------------------	-----	-----------

Frequency of impact loads	Hz
Sway space limitation	mm

Disturbing frequency range	Range Hz
----------------------------	----------

**Also send DXF file showing general assembly and describe proximity to other components.**

**Comments:**

Date:	Name:
